

AMENDMENTS TO THE CLAIMS

1-8. (canceled)

---

9. (newly added) A method for providing a file, wherein is stored information according to which said file is locally stored when said file is received from a remote server, said method comprising the following steps:

receiving a request for said file, said request comprising said remote server identification,  
checking that said file is locally stored,  
forwarding said file to said remote server when said file has been locally modified, and  
deleting the information according to which said file is locally stored.

10. (newly added) The method according to Claim 9 further comprising a step for sending said information to said remote server when said file has not been locally modified.

11. (newly added) A server comprising means for carrying out the steps of the method according to Claim 9.

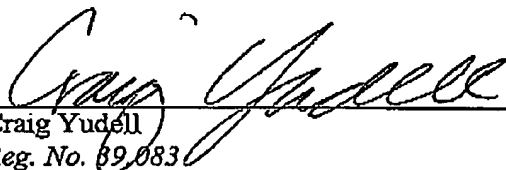

12. (newly added) The system according to Claim 11, further comprising means for carrying out the steps of Claim 10.

---

**Claim Amendments**

Claims 5 and 7 have been canceled and new claims 9-12 have been added. No new matter has been entered by the addition of these new claims as they are directed to subject matter previously claimed in Claims 3-4 of the application as originally filed.

Respectfully submitted,

Craig Yudell
